Description: From the beginning of its history the Royal Society has devoted much attention to the publication of communications by its Fellows and others. Within three years from the granting of the first Charter, Henry Oldenburg, the first Secretary, began publishing Philosophical Transactions in March 1665 and it has continued ever since. From 1887 onward, beginning with volume 178, the ...

Verily (formerly Google Life Sciences) is Alphabet Inc.'s research organization devoted to the study of life sciences. The organization was formerly a division of Google X, until 10 August 2015 when Sergey Brin announced that the organization would become an independent subsidiary of Alphabet Inc. This restructuring process was completed on October 2, 2015.
