1966 Ford Mustang Owners Guide

The first-generation Ford Mustang was manufactured by Ford from March 1964 until 1973. The introduction of the Mustang created a new class of automobile known as the pony car. The Mustang's styling, with its long hood and short deck, proved wildly popular and inspired a host of competition.

Ford Mustang (first generation) - Wikipedia

The Shelby Mustang is a high performance variant of the Ford Mustang which was built by Shelby American from 1965 to 1968, and from 1969 to 1970 by Ford. Following the introduction of the fifth generation Ford Mustang in 2005, the Shelby nameplate was revived as a new high-performance model, this time designed and built by Ford.

Shelby Mustang - Wikipedia

1966 Mustang. The 1966 Mustang was an evolutionary change to the now solidly established first generation platform. Several styling changes were made to both the interior and exterior of the car making it easy to distinguish the 1965 and 1966 pony cars just as long as they were either a coupe or a non Mustang GT car.

1966 Mustang - Specs pictures articles parts how to ...

The 1965-1966 cars can be ordered with manual or power steering. A disproportionate percentage of the GT's had the manual steering, which makes sense for a tight, sporty response vs.

1964 Ford Mustang for Sale on ClassicCars.com

Lighting Classic Mustangs in stock condition weren't known for having the brightest Mustang Lighting from the factory. In fact, the Mustang lights on many of these cars border on being unsafe, as the lights are frequently so dim that other drivers on the road could have trouble seeing the Mustang in poor weather conditions, or the Mustang's driver may not be able to see too well from behind ...
