editor John Kimmel, I have completed this book, Mathematical Statistics: Exercises and Solutions. This book consists of solutions to 400 exercises, over 95% of which are in my book Mathematical Statistics. Many of them are standard exercises that also appear in other textbooks listed in the references. It is only a partial solution manual to Mathematical Statistics (which contains over 900exercises).

I have read the sequel to this book, "All of Nonparametric Statistics" and found it quite good. My gut is telling me that you are the audience that this book is aimed at, given that you don't know much about statistics but also aren't afraid of some high level material. I doubt there is a solutions manual though.
