He then said...."That is the exact same response I get from the Neve 9098!" I thought that for the money I was spending it put me in really good company for a very low price! I later asked him is the Amek 9098 channel strip was the same as the pre and EQ on my desk and he said it was very similar.

### **AMEK/NEVE 9098 Analog Console - Gearslutz**

These are amplifier blocks that were used in later range Neve consoles for summing and headphone drivers. They are a part of what was used to build the pres but they are incomplete. The 9098's I have are the pres and an EQ section from the newest Rupert Neve design and the pres are exactly the same thing as what you were asking about I believe ...

1 user review on Amek 9098 i. Designed by Rupert Neve console that seems to be rooted in the old consoles of the same name as the 8068 or 8078, the election of large modules, and since the template already so strong console (56 entries) it uses a system split monitoring, and in fact this is not a console "In Line" for obvious reasons of space ..

This is an Amek 9098 Neve designed mic preamp equalizer in near mint condition. This is an amazing unit and sounds killer. Sounds amazing on everything you throw at it. Fantastic mic pre/EQ. Works perfect, sounds perfect and comes with the power cord. Just a few very light marks on it from normal light use.

The AMEK 9098 is not anywhere near a Neve 1073. The 9098 is much more neutral or bland in comparison. The real beauty if the 9098 is the celan and smooth eq. If you want the flavor of the 1073 for cheap (in comparison to a new or used Neve 1072) then audition one of the many 1073 clones on the market such as Chandler or Vintech.
