One aspect of finding the right approach for a new treatment is choosing the best technology platform. Molecules used as active substances can be divided into two classes - small and large molecules. They differ not only in terms of size, but also in how they are made, how they behave, their mode of action in the body and their suitability for certain drug forms.

Pierre A. Riffard proposed this definition and quotations. A familiar spirit -(alter ego, doppelgänger, personal demon, personal totem, spirit companion) is the double, the alter-ego, of an individual. It does not look like the individual concerned. Even though it may have an independent life of its own, it remains closely linked to the individual.

[503 begins ->] The anthropologist has become so familiar with the diversity of ways in which different people behave in similar situations that he is not apt to be surprised by even the most exotic customs. In fact, if all of the logically possible combinations of behavior have not been found somewhere in the world, he is apt to suspect that they must be present in some yet undescribed tribe.
