The Bogner Alchemist is a 40w, 2 channel amp with digital reverb and delay onboard. It comes in three varieties-a 1x12 combo, a head and cabinet, and the one here which is a 2x12 setup. The speaker choice is at first a little odd, being a Vintage 30 Celestion below and a Greenback on the top.

### **Judybox Revival: Bogner Alchemist 2x12 Service Review**

The Bogner Alchemist represents what can be achieved when great design is married with lowered production costs and attention to quality-control. Bogner endeavored to succeed where others had failed in the chinese-built tube amp, and to this end they truly did a great job.

### **bogner alchemist | eBay**

When I bought the "Bogner Alchemist", I had no idea that it wasn't supported by Bogner which was a surprise and disappointment to say the least. It did sound good to me which lured me into buying it, but completely crapping out after 3 months of ownership is completely unacceptable. My problem was not tube related.....nor is yours in all ...
