Step 4: Import CUCM Users to Unity Connection. Now we are ready to import CUCM end users to Cisco Unity Connection. Navigate to Users >> Import Uses >> Find Users in: CUCM_PHONE_SYSTEM Enter a search query and click Find. Then we can choose voicemail template and import the user to CUC! You check the user by going to Users >> Users

How to Import CUCM Users to Unity Connection Using AXL ...

Let's consider how we can add end users into Cisco Unity Connection. We could add users manually, and this can be done fairly efficiently if we just have a few users to add, because we can leverage user templates, where we don't have to populate all the fields of an end user.

Cisco Unity Connection End Users and Mailboxes

Let's think about how we can manually add a new user to Cisco Unity Connection. We go under the Users menu option on the left-hand pane of Cisco Unity Connection. We select Users and we say we want to create a New User. We can select a User Type, in other words a user with a mailbox or a user without a mailbox. We could create this user based on an existing template, which allows the user to ...
