1. Introduction. The circular economy (CE) concept is trending both among scholars and practitioners. This is indicated by the rapid growth of peer-reviewed articles on CE: More than 100 articles were published on the topic in 2016, compared to only about 30 articles in 2014 (Geissdoerfer et al., 2017).On the other hand, many consultancy reports have been published on the topic recently (with ...

Additionally, Level 5 Leaders are often devoted to ensuring that the company thrives after they are no longer its leader. For example, David Maxwell, the former CEO of Fannie Mae, requested that part of his retirement package be donated to a fund for low-income housing because he worried that public opinion of the large payments would damage the company's reputation.

adaptation, anchoring & contrast. This page continues the "new testament" view of color that was introduced in the discussion of the basic forms of color. There I suggested that color perception is fundamentally adapted to interpret all color stimuli as arising from a three dimensional world of reflecting surfaces and light sources.
