The suffix ology is commonly used in the English language to denote a field of study. The ology ending is a combination of the letter o plus logy in which the letter o is used as an interconsonantal letter which, for phonological reasons, precedes the morpheme suffix logy. Logy is a suffix in the English language, used with words originally adapted from Ancient Greek ending in -λογία ...

This is a list of alternative base character classes to the Dungeons & Dragons role-playing game. As base classes rather than prestige classes, they can be taken by newly created characters without need for any prerequisites.. Many of these classes have been repeatedly added after the core rules books were released, including the shaman, artificer, and runecaster or runepriest

A case is presented of extended character analysis of a person with a schizoid personality. Because of the difficulty in establishing a therapeutic alliance, the therapy was a form of modified play therapy using a game to enhance ego development. A theoretical discussion explores the reasons of this deviation from standard therapy works and its indications for other cases.
