I have a Honeywell Programmable Thermostat, Model RTH7400D1008. If that is not the number you need, there are 3 others. The UPC code on the wall mount is 32003725-003. The UPC on the back of the cover is 16540400059871. Above the "assembled in Mexico" is the number 0643. The batteries went dead, and I have replaced them.

### **I have a Honeywell Programmable Thermostat, Model ...**

This thermostat does come with a manual but my advice is that if you're in any doubt; get a professional to install it for you. What's really great about this unit is the programming function and Honeywell have aptly named it the 5-1-1. This means you can have different programs for Monday through Friday, Saturday and Sunday.

I have a Honeywell thermostat that has outsmarted me. The model no is rth7400d1008. I pressed some button and now the thermostat will only turn on if it's on the "schedule" that I did not set up. So when I set the thermostat to heat to 70, for example, it will stay on for an hour, without changing temperature.
