Updated review --> calculator works well, it is an upgrade when compared to the hp 12c. However, if you press the buttons to quickly they will almost always miss the first button press. Very disappointed, I have an older one (1980s) and this does not happen with it. I would recommend getting the HP 12c as it will work every single time.

I wanted to check how the new designs fare when compared with the old Pioneer series. Here you have my impressions: Key feel: The original HP 17bII wins, hands down. Second, and not too far from it, the HP 17bII+ silver. The slanted keys of the latter are more comfortable to put the finger on, but the rounded keys of the original model are not too bad.
