Jeep V8 Engine Number Location

The engine is stamped with the vehicles identification number. This area is located at the right front side of the engine block. The engine build date code is included in the yellow bar code sticker on the oil fill housing. I hope this information helps, and let me know if you need further assistance with this. Chris.

Where is the engine number located on a 2000 Grand ...

Does anyone know the exact location of where the engine number is stamped on the CRD engine itself? Tried to register my new rig with the local transport dept and came across a moronic bureaucrat today who said she needed to sight the actual number on the engine. Just want to the silly cow. I just wished someone else served me at the counter.
