Mathematics (from Greek μάθημα *máthēma*, "knowledge, study, learning") includes the study of such topics as quantity, structure, space, and change.. Mathematicians seek and use patterns to formulate new conjectures; they resolve the truth or falsity of conjectures by mathematical proof. When mathematical structures are good models of real phenomena, then mathematical reasoning can ...

In a nutshell, the South African schooling system shows the following characteristics: the national mean mathematics scores are low and need to improve. There is a high differentiation of the educational performance of students from different socio-economic conditions and we can say that we have two systems of education. This means that an estimated 30 percent of schools perform reasonably ...
