Preface to the Home Education Series. The educational outlook is rather misty and depressing both at home and abroad. That science should be a staple of education, that the teaching of Latin, of modern languages, of mathematics, must be reformed, that nature and handicrafts should be pressed into service for the training of the eye and hand, that boys and girls must learn to write English and ...

I have been forced to review the key lessons that I have learned concerning human nature and collapse over the last 25 years. Our collective behavior is the quandary that must be overcome before anything can be done to mitigate the coming global social collapse. The single most-important lesson for me was that we cannot re-wire (literally, because thought is physical) our basic political ...
