WELCOME! The Central Valley Aviation Association (CVAA) was formed by Central California Pilots in 1968. From the beginning, CVAA has been a staunch advocate for this gem of an airport, making sure others including governmental agencies, developers and groups seeking to curtail or close Chandler know that they have an ardent foe.

Description. A magnetic compass aboard an aircraft displays the current magnetic heading of the aircraft, i.e., the aircraft's directional orientation relative to the Earth's geomagnetic field, which has a roughly north-south orientation. The compass can be used in turns to verify the aircraft is travelling in the desired direction at the conclusion of a turn.
