Many organizations use some form of "problem statement," which is often nothing more than a list of user complaints, as a catalyst to initiate projects. However, in my experience, merely documenting hundreds of complaints or listing hundred of prescribed requirements does not accurately document the underlying problem. If you do not understand the problem, then how can you define a ...

Just to forewarn you, making glitter tumblers is relatively easy but they take days to make! There is

a lot of drying time and after you apply the epoxy you need to turn the glitter tumbler for a few hours so you have to do it on a day when you are going to be home.
