Transportation Security Administration (TSA) Test Preparation

Early designs. One of the earliest and proven attempts was made by François Hussenot and Paul Beaudouin in 1939 at the Marignane flight test center, France, with their "type HB" flight recorder; they were essentially photograph-based flight recorders, because the record was made on a scrolling photographic film 8 metres (8.7 yd) long by 88 millimetres (3.5 in) wide.

Flight recorder - Wikipedia

Education in Belgium is regulated and for the most part financed by one of the three communities: Flemish, French and German-speaking. Each community has its own school system, with small differences among them. The federal government plays a very small role: it decides directly the age for mandatory schooling and indirectly the financing of the communities.
