We have no choice: all of us educators must act to counteract the alarming increase in mental health issues, which is bearing down primarily on our students and secondarily on the adults serving and surrounding them. Dr. Daggett and his colleagues at ICLE have searched the nation for the most successful practices to address these difficult challenges.

The value of Yogananda's Autobiography is greatly enhanced by the fact that it is one of the few books in English about the wise men of India which has been written, not by a journalist or foreigner, but by one of their own race and training—in short, a book about yogis by a yogi. As an eyewitness recountal of the extraordinary lives and powers of modern Hindu saints, the book has ...

The Transcendental Meditation technique or TM is a form of silent mantra meditation, developed by Maharishi Mahesh Yogi. The meditation practice involves the use of a mantra and is practiced for 20 minutes twice per day while sitting with one's eyes closed. It is one of the most-widely practiced, and among the most widely researched meditation techniques, with over 340 peer-reviewed

The message is simple: If you want to be my disciple then you'd better count the costs. It's an "all or nothing" proposition. If you're not ready to jump in with both feet, and stay with the journey until the very end, then perhaps its best to stay behind rather than suffer the embarrassment of starting out on the journey and having to turn back before you get to the end.
